Non-Individual FOIA Request

Request Information

At <https://www.fbi.gov/investigate/counterintelligence/the-china-threat>

The FBI claims that the "counterintelligence" efforts "emanating" from the PRC gov, which the FBI conducts, "are a grave threat to the economic well-being and democratic values of the United States"

Furthermore the FBI wrote "To be clear, the adversary is not the Chinese people or people of Chinese descent or heritage. The threat comes from the programs and policies pursued by an authoritarian government."

Implying that the PRC gov controls the FBI and people such as myself, an American of Chinese immigration, has no control over the FBI's "grave threat to the economic well-being and democratic values of the United States"

I'd like any official documents relating to who wrote this, what the FBI meant by it, and what the FBI is doing now about is grammar?

Expedite

Expedite Reason

Well the FBI's grammar seems extraordinarily embarrassing and/or the FBI is trying to say something to the American people and the world.
